Evolution Eden is solid Rock music with strong hooks and catchy melodies that you will sing all day long. 14 MP3 Songs POP: Power Pop, ROCK: Hard Rock Details: Mix the screaming guitars and big vocals of Def Leppard with the story telling of Bon Jovi. Toss in the take no prisoners attitude of Nickelback and the pop sensibilities of the Goo Goo Dolls and this gives you an idea of the excitement around the band Evolution Eden. Winners of KGOs 2005 Best Music Youve Never Heard contest, Evolution Edens debut CD Story Road sweeps the listener through the sonic spectrum of emotions. From the fist pumping sounds of Puppet on a String to the delicate textures of Ordinary Girl; soulful power ballad Love Goes Something Like This, and audience favorite Summer Nights clearly illustrate the bands lyrical command and musical capabilities. Finally, the award winning bombastic hit Walls of Wonderland leaves no doubt that Evolution Eden is a band to watch! After spending 2005 and the early part of 2006 recording their debut CD, Story Road was released April 25. Since then they have focused on getting their music out to the world and we mean the world. Right now Evolution Eden is currently being heard in the United States, Canada, Australia, Germany, Luxembourg, Portugal, Belarus, The Netherlands, and Denmark. Evolution Edens single Walls of Wonderland won KGOs Best Music Youve Never Heard contest in California and was also a winner on Wisconsin's WIFC 95.5 Slam It or Jam It Hour. Over in Australia, Evolution Eden has two songs on the World Indie Pop Charts: Puppet On A String is currently at #10, while Ordinary Girl is #25. Showing their diversity, the band has cross over potential, Summer Nights is currently being played on Country radio in Nashville. Driven from the positive reaction to their captivating live show, Evolution Eden is actively playing all over the West Coast and beyond...catch them while you can!
