Details: Minoo , born in Cairo (June 12th) with an artist feeling that was respected from his Family. at the age of 16 , he was so impressed by the great pianist Yanni because he was a very big fan of him . in that time, Minoo personality and soul of music was not created yet so he was so effected by yanni that was the only meaning of the music in Minoo's life that days . then Minoo decide to Discover the whole music world. Coz he was interested in it too much also he want to study music in academic way but his family refuse that too make sure he will have a great career soo he join the university to study computer since beside the music as hobby at this time . he was soo smart with computer and every one notice that and that was the final decisions his university way but it was so hard for him at the first but he worked hard at this. he was not having any thing to make music with even a keyboard. but the insisting which was in his blood made him found a way to do it with the computer which where writing notes and the computer plays them and that was a very very hard method for a teenager at the 17 . he worked hard till he made his first song and the second and the third until he reached his dream of having a real keyboard but it wasn't also a new one , it was used ((Yamaha a3))!!! the next step , Minoo bought the first professional computer in his life and that was before buying the keyboard and then he starting buying all the needed stuff till now he had his professional studio . Minoo is a self made man who defeated all the hardness in his life to reach all what he needs. another big step in his life was in 2004 when he travel to USA to study music .he get a tons of information about music and discover a new way to create music specially with computer (his best friend)!!! .. he listened to a lot of music genres .. he didnt found him self in any of them soo he start to create his own way . he mix the modern music and

modern beats plus electronic voices with Arabian melody's and instruments that make his final work more than magic .. he focuse in trance music and study how to creat a new voices and blend it with Arabic flavor as we can see in his first official album " egyptrance " the first Arabian trance album in the world . It was a challenge to work with such big names in his early career like mr kamel boutros the famous pianist in new york city also he proud to have chance to work with the super star opera singer Magdaelna Iiams the famous opera singer from Spain plus a lot of other big names around the world and in the middle east he cooperate with the master of arrangers in the area MR . Tarek Madkour that he help him in real way and never delay his support to minoo music .
