Berlin School retro late 70's style electronic music with long ambient tracks with many sequences, electronics and keyboards. 7 MP3 Songs ELECTRONIC: Ambient, ELECTRONIC: Soundscapes Details: This is the first year music of the Ricochet Gathering which took place in the Okefenokee Swamp, Georgia USA in 2000. We called this electronic swamp music, but it really is Berlin School style retro EM featuring Marcel Engels from Free System Projekt (Netherlands) and Dave Brewer (USA). The concept was to celebrate the music of Tangerine Dream by playing in an exotic location for the Millenium. This modest beginning started the Ricochet Gathering concept which has grown to a large list of reknown musicians and occurs each year in a different exotic location around the globe. If you like 1970's Tangerine Dream music, I think you will like this album. - Vic Rek
