Invoking emotions a kin to Edvard Munch's The Scream, Partridge's tortured vocals cut through deeply saturated layers of instrumentation that range from sparse digital harmonies to overwhelming chaotic rhythms. Awake. Rise. 10 MP3 Songs ELECTRONIC: Industrial, ROCK: Experimental Rock Show all album songs: The Feasting Songs Details: Sorrow Has a Perfect End is an evolutionary adaptation of a band once known as SHAPE. Sorrows genetic drift began in 2007 founded by Singer/Songwriter Starsky Partridge. Known for his work as a video game composer and sound designer on The Unreal Series (PC/Xbox) and most recently on Fatal Inertia (Xbox360/PS3), Partridge has elected to redirect his talents inward for his most recent offering: THE FEASTING. Mixed in chest pounding Dolby 5.1, the songs combine schizophrenic electronics with insidious guitar and tooth rattling beats. The DVD selections are accompanied by custom animations meant to enhance the listening experience. THE FEASTING is a sonically breathtaking album that is moody, angry and hopeful all in the same breath. DVD extras include: Bonus tracks Photo slideshows Live footage of Sorrows first gig DVD ROM content including uncompressed .WAV files that may be used to create your own audio CD's or for use in MP3 players.
