This Killer Tool Has Everything

Including A Built-In Word Processor And PDF-Converter To Make Creating Your eBooks A Breeze! From: Gobala Krishnan Time: Saturday, 8 a.m. Dear Friend, I have created a software package that allows people to create, edit and distribute their own ebooks and articles.You may say Jim, there is already FREE software out there that does this. After reading many forums and people asking how to create hyperlinks or pdfs I decided to create my own software that makes it easier than ever to make that money making content we all dream of. Not only can you create your own content but you will have everything organized by grouping your content in niche categories. You Can Set Your Business On Autopilot Creating An Immense Amount Of Cashflow For Years To Come. A brief introduction to E-Writer Pro: Now you can easily create, edit and distribute your own ebooks and articles. Here is what E-Writer Pro will let you do easily and effectively. Have everything you need in one software application. Generate PDFs with security options. Save security features used to generate PDFs. Create your own beautiful looking books or articles. Save books or articles in Word, RTF, Text or HTML. Open Word, RTF, Text and HTML for editing. Hyperlinks can be added making your Books and Articles even more viral. Complete Powerful word processor. Allow the reminder system to keep you informed when a special task needs to be accomplished. Backup all Books, Articles, and Reminders all with one button click. Categorize all your ebooks and articles into niches and sub-niches. You can use this software tool to build your business virally. One Article can make you thousands of dollars every year. One Good E-book can make you a small fortune and in that E-book can be easily filled with your own links back to other products you are selling or to affiliate products you promote. Use E-Writer Pro to Edit And Publish All Those PLR Books And Reports Collecting Dust On Your Hard Drive! Think about the possibilities E-Writer Pro can give you. You have all those Private Label Rights books and articles just sitting there on you Hard Drive Collecting Virtual Dust. Why not use E-Writer Pro to edit that book or article? You can open your project and work on it till you get tired or run into writers block then just save it and come back and finish it when your ready. No More opening several programs to do your work. Open E-Writer Pro pull up the book or article and Bam, your ready to continue working. Its easy as pie to insert... images footers page breaks page numbers text frames EVEN Hyperlinks! E-Writer Pro Is Really All About Speed & Convenience Youll be up and running in no time and youll produce clean, clear, crisp PDFs. That can add superior value to your infoproducts business. Sometimes an Internet Marketer has to be able to turn on a dime. Hitting the streets first with a hot information product gives you a big competitive advantage. eWriterPro is perfect for

your desktop computer in your home or office or your laptop. eWriterPro is worth having even if youre already an eBook professional. Its just a cool tool. And because Master Resale Rights are included with this offer, not only can you use eWriterPro to make your eBooks, you also can sell the software itself. Youll keep 100 percent of the profits. If you havent yet entered the eBook arena, heres your chance to get the tool youll need to create word-processing documents and convert them to PDFs instantly. Selling digital products is a rewarding pursuit. Get yourself set up with a free PayPal account. Find a company to host your sales website inexpensively. Get started down the path to making and selling information products and delivering them online automatically. Its Not A Steep Learning Curve. You Can Do This! For veteran Internet Marketers, well, take a look around your hard drive. You probably have PLR content you can convert to PDFs using eWriterPro. And, of course, you can sell your original content. Get started today, using eWriterPro. A brief User Manual is included in the purchase price of eWriterPro. It walks you through the basics. Play with the program for a while. Youll emerge a Pro in no time at all. What People Are Saying... eWriterPro is great for writing articles and ebooks, but what I like most is how it keeps everything organized in one place. I can sort by niche or category which is handy when youve got a bunch of different projects going. The backup feature is pretty good too. Jeff Hiebert EasyOnlineMortgage.ca -- At last! A simple tool that makes creating ebooks easy! Instead of fighting behemoth software with arcane commands doing who knows what (that suddenly screw up what you were doing when you accidentally hit the wrong key) -- you can create an ebook practically in the time it takes you to launch the help file of other programs. Add the utility of the ebook & article buttons and easy-to-find and use backup problems with a reminder - this has got to be darn close to ideal for rapid turn around of articles and ebooks. Judy Kettenhofen -- Adding text boxes and pictures couldnt be easier. I like being able to pick up just about any format and convert it to a clean looking PDF. I have used a lot of PDF conversion programs, even some of the free programs but somehow you always loose the formating. With eWriterPro its simple and quick. I also love that the software keeps all of your source non PDF files in an archive to reopen and edit quickly. (Vista and XP Compatible! Sorry, Mac Fans.)
