"Finally, an easy way to squeeze more profit out of your exit traffic..." "This Technology Predicts The Very Moment Someone Try's To Leave Your Website & Stops Them Dead In Their Tracks With A Profit Pulling Unblockable Exit Popup" From The Desktop Of Leon Johnson: Dear like minded friend and fellow Marketer, Getting traffic is one of the essential tasks all internet marketers must do! But what bugs me is that after all the hard work getting people to a website, the majority of them won't stick around long enough to have made the work worth while. What if you could get a second chance at all these website abandoners? A way to pull their attention back to your site, to capture their email, or give them a special discount or alternative offer before they click away forever! Do you think that would help you increase your profits? Of course it would! Well here's a caveman simple system that allows you to do just that... It's called 'Action Announcer' Action Announcer is a small php script you can use to generate little 'exit traffic salesmen'. As soon as they get a sense someone is about to abandon your site they jump into action, funnelling the traffic where you want it to go before its gone forever. It is so easy to use all you do is upload it, no messing with your server to get it to work. You can generate an infinite number of these

salesmen and put them on any webpage you want. All you have to do is add one line of javascript code your webpage. This is easy to do, only takes 30 seconds and full directions are provided. If You Can Click, Copy, and Paste, You Can benefit from "Action Announcer" Here are just some of the ways you will benefit when you start using 'Action Announcer' today: = Build Your Opt-In List - Mention whatever free gifts you give away to get more people to opt in to your list. = Promoting Affiliate Programs - Make sure everyone knows about the latest affiliate program you're promoting just as they try to leave your site. = Special Offers - Offer a discount or additional bonus to encourage those who were on the fence to order your products, your conversions will jump thru the roof! = Pre-built Salesmen - Give your affiliates Exit Prophet code they can add to their web pages to promote your products. Their happy because they increase their commissions, and when they make more money, you do too. = Exit Surveys - Ask your visitors why they are leaving and you'll get all the information you need to improve your offer and increase your profits! = Building Anticipation - Get people buzzing about an upcoming promotion of yours. Give them a little taster of what they can expect to see soon. = Audio / Video Messages - Load audio or video messages to remind your prospects of your products main benefit or what they stand to lose by not taking action immediately. You can put an 'Action Announcer' salesman to work on any webpage in under 30 seconds. After that it works for you everyday, regenerating your traffic and channelling it back into your marketing funnel. Because this is a in high demand product that actually grabs the attention of your visitors before they leave. They are going to leave eventually and usually within 1 or 2 minutes of scanning your page. With Action Announcer this is your last chance to make a first impression before your hard earned traffic leaves, maybe forever. lets just say that 3 out of 100 visitors visit your website each day, and purchase a $20 product normally, thats great. However thats still 97 people who left your website without taking a positvie action either to buy or to signup for your newsletter. To be conservative lets say that with Action Announcer you increase that 3 in a 100 to 4 in a 100. Well then thats 33.3 percent increase in sales without having to pay for any additional traffic. That would translate into an extra $600 per month for your site in sales!
