Today's dance music with a twist of 80's flair. 14 MP3 Songs ELECTRONIC: Dance, ELECTRONIC: Freestyle Details: BYLLI CRAYONE: DEFINITELY... NOT A TYPO! Pronounced Billy Kray-OH-nay, Bylli Crayones name has become synonymous with sexuality, daring and dance. In an industry thick with sound-alikes churning out the same stereotypical fare, he stands out for his at times controversial honesty and individuality. After setting the stage with 2005s successful self-titled debut album, on March 11, 2008 Funusual Records will introduce the digitally released double-featured sophomore venture, which will include additional radio edits and remixes totaling 14. Various style of dance music (ie. Trance, Freestyle, Club, 80's Influence) A more serious, personal album, Not A Typo includes Run To My Rescue, A Remake of Cyndi Laupers Change Of Heart, Mixed Signals, Girl, Hang It Up and Dizzi Boi. The strongest song from the set, Dizzi Boi, was co-written by fellow recording artist Melanie Melody Saunders "Dizzy Boi", and remixed by the renowned Canadian super-producer Patrick OrangeFUZZZ Benoit (Amber, RuPaul, Will To Power) and deals with the oft touchy subject of bisexuality and his own coming out head on. One comes to know Bylli as a human being through these songs, and many can indeed relate to his journey of self discovery. Dizzi Boi co-written by a close straight friend, is already burning up the dance charts, presently possessing the #1 spot on various dance and club charts with the support of the nationally distributed PROMOS ONLY discs, which included the selection with cuts by Jennifer Lopez, Rihanna and The Backstreet Boys. With the release of the full album it is only expected to solidify it's place in dance music history. Bylli Crayone has teamed up with some great producers and remixers on this album, three years in the making. Producers include Patrick "OrangeFUZZZ" Benoit, Brian Taylor, Pawel "3Style Profession" Kolinski, Felix "ThePhlexican" Figuera, CG, DJ Sky and Butterfly Bump! The album will be available on all the major digital download websites including iTunes, Amazon, eMusic,
