Mad Suicidal Bomber CD is a refreshing breath of music that will challenge conventional thinking in the Black Afrikan Community. This mix of conscious Hip Hop Rap, Spoken Word Poetry, Blues, and Reggae is dedicated to the uplift and empowerment of Black Afrikan People wherever they are. A Sambo is a Black Person, who uses their power and position to get out their way to implement policies, programs and laws that hurt Black Afrikan People, socially, economically, politically, medically, legally and educationally. MSB verbally attacks this behavior and those who engage in it (Samboes). There are two songs that are dedicated to them: 1. Sambo Got To Go and 2. Run Sambo Run. Enough of this foolishness in the Black Afrikan Community! The Mad Suicidal Bomber's CD is a Lyrical Bomb that blows up foolishness and ignorance in the Black Community. Available in stores and over the internet on 2/10/07.
