Foma, candy coated waste. Melodic Rock with lyrics of condemnation. 5 MP3 Songs ROCK: Modern Rock, GOSPEL: Traditional Gospel Details: Foma fell asleep as a child and woke up in a world that wasn't nice anymore. Infact the wolrd was'nt nice in many ways, but most of the other grown-ups didn't seem to notice. Not even didn't notice how mean the world had grown around them but didn't have a clue as to all of things that they themselves were doing to help foster that meanness. Foma went back to sleep hopeful that the world they wake up in next will be that kinder gentelle world that we all hear so much about.
