Drenched in atmosphere and affecting melodies, the kinship that is hills are mountains specialise in lush and delicate compositions that frequently result in spine tingling, heart-skipping wonderment. 5 MP3 Songs FOLK: Alternative Folk, NEW AGE: Ambient Show all album songs: EP Songs Details: Coming from different continents and different musical backgrounds, Hills Are Mountains met whilst studying Sonic Art at Middlesex University. Influenced by nature, the scenery it provides and the emotion it evokes, they began making their sounds using whatever musical instruments and technology they owned, namely a battered second hand accordion, a concertina, a melodica, two zithers, synths, drums, mobile phones and, of course, the human voice.
