BIG CHAIN IS THE FIRST ALBUM FROM THE ORIGINAL LINE UP OF THE LOS ANGELES ROCKERS SINCE THEIR DEBUT CLASSIC ON ASYLUM RECORDS IN 1972. Jo Jo Gunne, one of the best Rock Bands to come out of the L.A. music scene in the early 70's returns with "Big Chain" a powerful performance of 6 new songs and new studio recordings of 8 "Gunner Classics". The band's line up include bass player Mark Andes, Guitarist Matt Andes, Keyboardist and Vocalist Jay Ferguson and Curly Smith on Drums. "We always knew the band had unfinished business. Our fans and the band would always talk of a reunion, but personal affairs and business always seemed to get in the way. It was a miracle that everyone was off the road and or available when the date was set" Says Mark Andes. Jay Ferguson and Mark Andes formed the band after leaving Spirit, one of the all time favorite innovative LA bands. "Jo Jo Gunne became known for our strong live performances, much in part to our tight sound and Matt's incredible slide guitar," Says Jay Ferguson, he is simply amazing! The remake of the Band's top 10 single "Run Run Run" is a familiar example of the band's unique sound, with a new "beefed upped" recording that sounds like a "live" version the Jo Jo Gunne fans have been waiting a long time to hear. The band members have toured and recorded with a lot of Rock n Roll greats, including Heart, Joe Walsh, Firefall, Boston, John Hiatt, Stevie Nicks, John Hammond, Crosby Stills and Nash, John Mellencamp and many many more!!!
