

# Mp3 Las Pesadillas - House Of A Thousand Grassfires

[DOWNLOAD HERE](#)

Las Pesadillas, a Sacramento, California-based band whose name aptly translates into English as "The Nightmares," is energetic, highly composed, stylistically diverse rock music for thinking people everywhere. 6 MP3 Songs FOLK: Modern Folk, ROCK: Acoustic Details: Las Pesadillas, a Sacramento, California band whose name aptly translates into English as "The Nightmares," is an ordinary-looking rock band dedicated to producing extraordinary music. Fueled by overdriven violin, spaghetti-western surf guitar, snarling woody basslines and virtuosic drumming, Las Pesadillas ignites sonic flames far hotter than do most "rock" bands. Undeterred by the cookie-cutter, financially driven trends of today's mainstream music industry, the band's compositions reflect a deep desire to communicate powerful artistic images, rather than getting spins on yet another homogenized radio affiliate. Las Pesadillas' songs, which at first listen could be simply labelled hyperactive rock numbers, reveal upon closer inspection carefully crafted compositions reminiscent of Danny Elfman, Mr. Bungle, Tom Waits, Ennio Morricone and the Pixies. Influence-derived comparisons aside, frequent forays into ethnic styles such as Gypsy, Klezmer and Rye, blended with other ubiquitous forms of modern American music, like swing, country, surf, rockabilly and jazz, make Las Pesadillas an intense and unique listening experience. We invite you to adventure with us through as yet uncharted territories. Check us out on the web at [laspesadillas.com](http://laspesadillas.com).
