Her first studio album in over 5 years. Packed with primitive electro beats, low budget keyboards, spacey electronics and her own inimitable voice. 13 MP3 Songs POP: Pop Underground, ROCK: Adult Alternative Pop/Rock Details: This is the artists first full-length studio recording in over five years and her third album on the Abaton Book Company label. Ms. Nowotny came to the attention of New York avant garde music and art circles in 1998, at the age of sixteen, with the release of *Afraid of Me*, described as one of the most astonishing debuts ever by New York Press. She has since released CDs on Camera Obscura, Foxy Digitalis, Bar! Fire and Celestial Jars. With the desire to record an album that was, in her own words, as much Fleetwood Mac as Lil Kim, Nowotny set out to construct a homemade R&B/pop CD. The resulting *What Is She Doing?* is packed with primitive electro beats, low budget keyboards, spacey electronics and Nowotnys own inimitable voice. This long overdue update serves as a travelogue of exotic themes, musical styles and textures adapted by the artist during her now decade-long career. *What Is She Doing?* was engineered by Mark Dagley (Pothole Skinny, Hi Sheriffs of Blue, Girls) and features Ben Miller (Destroy All Monsters, Third Border) on saxophone.
