Some homemade, some recorded live, and some recorded at a professional studio. 5 MP3 Songs EASY LISTENING: Crooners/Vocals, POP: with Live-band Production Details: Several years ago, after having lost my job and seeking another, and living on unemployment, I picked-up a used 12 string accoustical guitar. Within a few weeks I taught myself some basic chords and started writing Spiritual Songs. Throughout the years, I started, performed, joined, and left many Doowop Groups and Oldies Bands. I stopped playing, performing, and writing then started up again many times. Now, all of sudden, it's 30 years later...a little older and hopefully alot wiser,I find myself more serious and motivated about my music then ever before. I still have it in me to continue writing more songs and poems with a fresh new outlook and perspective. To date I have written a total of 50 songs and poems. Some of these songs I have published myself while others, much to my dismay, I continue to market in the hope that one day soon (before I transfer over) one or more of them will be heard and recognized on a national level. My dream is to one day be in an elevator or in a department store and hear one of my songs playing over the speakers. I am passionate about The Gift The Lord Above has Blessed me with. I want these songs to impact someone's life! This is a Self-Made CD. Some of the songs I recorded in my basement: "No Longer Two But One" was recorded at an actual Wedding Ceremony; others at a Professional Recording Studio. The main feature on these songs is their lyrical content. It is my sincere hope and prayer that these words and music will make a difference in your life, touch and Inspire you! If they do, I will have accomplished God's mandate for this life. Please let me hear from you if you're that person! It would mean so much to me to know that The Lord has used me to communicate His Word through Music; it would motivate me to continue writing! I am now working with my dear friend Dick Plokin and his Record Company to produce a New Spiritual CD which will include new arrangements of these and my other

songs. The Title song on this CD: "...then one day in April", in my opinion, is destined to receive a "Dove Award" because of its powerful message and unique arrangement. Thank you and enjoy! Please share your thoughts with me. Sincerely, ML DELGADO. My email address is: miltonandwanda@verizon.net
