Romantic, atmospheric, ambient pop with a touch of jazz and classical 11 MP3 Songs POP: Delicate, NEW AGE: Ambient Details: Love Songs from the Mountains of Southern France Stunning nature and deep feelings. That's what inspired Pernilla Aidt when she composed the music for her first album 'Serene'. It was to be personal and honest. She's 37 years old, Danish, and has lived from singing since she was 19. But she's lived in France since 1985, and developed her career there, so only a few of her fellow countrymen have had the pleasure of hearing her voice. Pernilla has been singing a Broadway repertoire in casinos, in castles and in the big hotels along the French Riviera, and she has sung jazz in piano bars like the Printemps de Bourges in Paris, and at the Jazz Festival of Nice. In 1998, she released a CD with jazz standards, and was elected "Jazz Artist of the Year" by the French CD-shopping chain, FNAC. Today Pernilla has left city-life behind and lives in the Alpes de Haute Provence in the South West of France, where she's completely surrounded by nature in a Swiss alpine cottage, right on the beautiful banks of a mountain lake. Her feelings about nature are expressed very strongly in her songs. Pernilla paints musical pictures of the sea, of the sun, the rain in spring, and of a wistful longing, in all the colours of the rainbow. She lets dreams flow with the laughter of children and seeks an expression which is vulnerable and intimate, but also poetically moving and compelling. Guest musicians on the album are, among others Kasper Tranberg (trumpet), Jacob Andersen (percussion), Ilya Magnes (flute djembe drum), and Simon Lynge (guitar and vocal). The music is produced by Klaus Bau Jensen (known from Bliss and Flipside) and Sebastian Lilja (Flipside). Pernilla Aidt has the background originally of a classical singer but, later, in order to dig deeper into the universe of jazz, she did a four year study course at Berklee College of Music in the USA. However, when she started to write her own music, she created something that was neither classical nor jazz, but perhaps someplace in between -- her own personal

mix, which might best be described as "ambient pop". \* For an interview or concert proposal, contact Pernilla Aidt directly on cellphone (+45) 24 85 32 36. Email: home@pernilla.dk.
