[DOWNLOAD HERE](#)

This is Sean's second album. Much improved beats and a tighter flow. The Hip Hop classic 'Narrow' is on this album. This is the album that first bought attention to Sean. More variety than the first with some real street joints. 14 MP3 Songs HIP HOP/RAP: Spiritual Rap, URBAN/R&B: Contemporary urban Details: The album release party was Sept. 14, 2001...3 days after 9-11. I did it in a church (Christ Tabernacle, Queens New York) where some people had lost family and friends in the attack. A very weird yet powerful night that gave a jump start to what I do today in ministry.
