

Mp3 Sue Fink - Not Quite There Yet

[DOWNLOAD HERE](#)

Most of Sue Fink's songs fall into the "quirky genre," if there is such a thing - but they work on a deeper level as well. The lyrics are clever, the sentiments are heartfelt; and the listener leaves happy. 5 MP3 Songs FOLK: Gentle, POP: Quirky Details: Sue Fink is a Chicago-based singer/songwriter with a unique perspective on the world. She prefers to use humor to make her points. And although some of her characters find themselves in strange situations, such as the woman who dates a mannequin man, or another who loves... a food product, Sue attests that no characters were harmed in the making of these songs! ** This just in! Sue's first full-length cd is now available! Please visit cdbaby.com/suefink2 to hear "Damsel In Distress"! ** Please note: There are TWO Sue Fink singer/songwriters! If you're looking for the well-known Sue Fink from the West coast... I'm not her. We're both funny, both nice, both Sue Fink, but not the same person. Go to cdbaby.com/cd/acchorale2 to hear "Angel City Chorale: Why Walk When You Can Fly?", directed (and founded) by the other Sue Fink.
