eclectic mix of rock and pop and released their debut album, "Hearing Things," in June 2009. The band

is accompanied by a renowned cast of musicians which includes Rob Ladd (Alanis Morissette, Don

What are they up to? The Finger Puppets are currently celebrating the release of their first album,

"Hearing Things," after spending the last year in the studio. These original songs range in styles and

moods, but all leave a sublime aftertaste, and if you listen closely, you will be hearing things too. Where
