We play loud Psychedelic/Shoegaze music. We are a Wall of Sound. We sometimes play quiet acoustic sets, and make quiet records. We love each other. We like to play shows while the sun is rising. We use film projectors and Psychedelic oil wheels. We are recording an album. We are part of the My Idea Of Fun artist Collective, in Johnstown Pa. We love you. We are a zoo. What others have said: "You guys sound like Sonic youth, a wall of sound, but with melody." "Everyone in the band was so nice, it was like they cared about my opinions and feelings. Except for Chris Kupchella he is an asshole...No.He is a monster. The record, "It's Christmas...Don't Be So Sad." Is oddly the bands first release. It is a departure from the bands Loud Psychedelic/Shoegaze style, and into the bands other sound. A scaled back Folk-Psych/Alt-Country, Folk driven album. The Spectacle is currently working on it's next release, "To Anxious For Rivers", with producer Troy Bugosh. For Contact or booking contact Chris at Kpchll@yahoo.com
