Lyle's a workaholic. The only thing he indulges in aside from making money is exercising and sleeping. Then he meets Rupe. Rupe is the exact opposite of Lyle, working construction jobs during the summer and saving the money so he can hang out, ride his bike and just plain enjoy life the rest of the year. For two men who are so different, they get along like a house on fire. But can it last? Do they even want it to? What are they willing to give up to keep seeing each other?
