

## Study The Bible With Us

[DOWNLOAD HERE](#)

Bible Basics is just what it sounds like - 13 Lessons designed to help ground you in the basics of the Christian faith. Whether you have been a Christian for years, are just starting out in your walk with the Lord, or are not yet a Christian but are seeking spiritual answers, these lessons will be beneficial for you. Although these lessons are Basic, they are not lightweight! These lessons will help you discover some of the foundational truths about God, His creation, and your place in it. You will be challenged and enlightened as you study God's Word. The study guide has 13 lessons and 16 additional study helps in the form of charts, tables, and diagrams. Each lesson has fill-in-the-blanks where you are encouraged to

take notes as you go through each class. If you are a student, you can fill in the blanks as you go through the PowerPoint slides. If you are a teacher, you can reproduce the Student Guides and lead your class with the Teacher's Guide and accompanying PowerPoint slides. If you don't have PowerPoint, we have included the free PowerPoint Viewer, or you can use your guide to produce Overhead Masters. The other helps are designed to be additional study aids if you choose to research a subject in more depth.
