Disclosing new factual material about the Watergate scandal, this provocative exposé of the famed break-in of the Democratic National Committee headquarters in 1972, reveals that the burglars were set up, and explains how our historical consciousness has been altered to obscure the truth. Written by a confidential informant, this never-before-told story rewrites the accepted truth of the scandal that rocked the political world and the entire nation, while taking readers on a behind-the-scenes tour of a major criminal investigation. Drilling down to the core level of the political nightmare, shocking acts of manipulation and deceit are uncovered as new light is shed on the players and puppet masters behind the event that led to the one and only presidential resignation in U.S. history.
