Hi, Im Louis Allport, Did you know that a few quick and easy changes to your website can give you an almost instant BOOST in the search engines and bring you a LOT more traffic for free? Heres how it works ... Whatever you may think of them - search engines are not as clever as they like to think they are... The search engine spiders which index your website are unfortunately easily confused. And because of this, Google often doesnt rank your pages as high as they should be ranked. So whats the solution? Read on for details ... How To Give Your Website An Instant Search Engine Boost A few simple changes to your web pages can give your sites a huge search engine boost. All you need to know is how to structure your pages for maximum effect - WITHOUT - compromising any of your content. And unlike expensive search engine software that does the same thing, in this product Ill reveal the 10 Steps you must take to make sure your pages are fully optimized for

Google (also for Yahoo and MSN) so you can easily get a ton more search engine traffic for free. In this in depth product you get sixteen videos that show you exactly how to boost the search engine rankings of your pages quickly, easily and for free. Heres exactly what you get in these sixteen powerful videos:

Video One In this video Ill talk you through the difference of On Page and Off Page Search Engine Optimization, and how to benefit from both. Video Two Here Ill show you one simple change you can make to your pages that will make them a lot easier for the search engine spiders to read and understand. The effectiveness of this simple change will surprise you. Video Three In this video Ill show you how one single element of the page can cost you very dear. You probably dont even consider this when creating a page; most dont. But by overlooking it youre losing a boatload of free traffic. Video Four Here Ill show you how to boost the search engine relevancy of your pages in literally eleven seconds flat. Video Five In this video Ill show you how to structure probably the most important section of your whole page. So many people get this wrong, but with this video youll know better, and will find it much easier to list higher than your competition! Video Six Here Ill talk you through how to effectively use hidden tags in your pages. Video Seven In this video Ill show you how to easily influence exactly which description text the search engines use for your site. Video Eight Here Ill talk you through one of the most important HTML elements of your page that will help your search engine rankings greatly. Video Nine In this video youll discover how to structure your page text so its exactly what the search engines are looking for. Video Ten Here youll discover how to automatically (and for free) check that you havent over optimized your page into what search engines consider spam. Ive seen software selling for \$100+ (amazing but true) that does this, but Ill reveal where to get the same functionality for free. Video Eleven In this video youll discover a clever way to instantly optimize your graphics for the search engines. Video Twelve Here youll discover the quick and easy way to optimize all the links on your site for the search engines. Video Thirteen In this video youll discover a very little known way to instantly boost the relevancy of your page links. Video Fourteen Here youll discover the automatic way to make sure the search engine spiders LOVE your pages. Video Fifteen In this video Ill show you how to easily avoid one of the biggest pitfalls ... that if you dont fix now will lose you ranking and even get your site banned from the search engines entirely! Video Sixteen Here youll discover what NOT to do on your pages if youre serious about free search engine traffic. Many people still use these outdated and downright dangerous tactics on their pages thinking it will help them get more traffic. In fact it does the exact opposite.
