

Accounting For Climate Change

[DOWNLOAD HERE](#)

1;Table of Contents;5 2;Accounting for Climate Change: Introduction;6 3;Uncertainties of a Regional Terrestrial Biota Full Carbon Account: A Systems Analysis;10 3.1;1 Introduction;10 3.2;2 Basic Definitions;12 3.3;3 Uncertainties of the Regional Full Carbon Account;13 3.4;4 Requirements for the Terrestrial Biota Regional Full Carbon Account;16 3.5;5 Assessing Uncertainties;17 3.6;6 Some Practical Implementations and Results from Case Studies;19 3.7;7 Conclusion;24 3.8;References;25 4;National Greenhouse Gas Inventories: Understanding Uncertainties versus Potential for Improving Reliability ;27 4.1;1 Introduction;27 4.2;2 Methodology: How to Assess the Uncertainty of National Emission Inventories;28 4.3;3 Results;28 4.4;4 Discussion;29 4.4.1;4.1 Excluding Sources with High Uncertainty;29 4.4.2;4.2 Covariance and the Definition of Adequate System Boundaries;30 4.4.3;4.3 Significance of Subjective Interpretation of Uncertainty;31 4.4.4;4.4 Rigid Accounting as a Method of Assessing Emissions;32 4.5;5 Conclusions;33 4.6;References;33 5;Practical Policy Applications of Uncertainty Analysis for National Greenhouse Gas Inventories;35 5.1;1 Introduction;36 5.2;2 Using Uncertainty Estimates to Adjust Inventories;37 5.2.1;2.1 Two Possible Adjustment Mechanisms;38 5.2.2;2.2 Characteristics of the Adjustment Factor and Implications for the Uncertainty Analysis;42 5.3;3 Adjustments to Emissions Trading Ratios Based on the Uncertainty of Emissions;45 5.3.1;3.1 Trading Ratios: Upper Bound Emissions are Unchanged;47 5.3.2;3.2 Trading Ratios: Probabilities of Exceeding Emissions Commitments are Unchanged;50 5.3.3;3.3 Characteristics of the Trading Ratio and Uncertainty Analysis;51 5.3.3.1;3.3.1 Fulfilling Environmental Goals: The Impacts of Trading on Environmental Quality;52 5.3.3.2;3.3.2 Administrative Complexity;54 5.3.3.3;3.3.3 Implications for Trading Ratios in Practice;55 5.4;4 Uncertainty Analysis as a Tool for Inventory Improvement;55 5.5;5 Conclusions;57 5.6;References;58 6;Modeling Afforestation and the Underlying Uncertainties;59 6.1;1 Introduction;59 6.2;2 Description of the Model and Experiment;60 6.2.1;2.1 Description of the Model;60 6.2.2;2.2 Submodel of Available Water in an Ecosystem;61 6.2.3;2.3 Calibration and Testing of the Model;62 6.2.4;2.4 Modeling of the Parameter Uncertainties;63 6.2.5;2.5 Numerical Experiment;63 6.3;3 Results and Discussion;64 6.4;4 Conclusions;65 6.5;References;65 7;Spatial GHG Inventory: Analysis of

Uncertainty Sources. A Case Study for Ukraine;67 7.1;1 Introduction;67 7.2;2 Basic Approach;68 7.2.1;2.1 National Level;69 7.2.2;2.2 Regional Level;69 7.2.3;2.3 Plot Level;70 7.3;3 A Geoinformation Technology for Distributed GHG Inventories;70 7.4;4 Inventory at the Regional Level: Energy Sector;72 7.5;5 Spatial Analysis of GHG Emissions;73 7.6;6 Results of Spatial Inventory and Uncertainty Reduction;74 7.7;7 Conclusions;77 7.8;References;78 8;Prior to Economic Treatment of Emissions and Their Uncertainties Under the Kyoto Protocol: Scientific Uncertainties That Must Be Kept in Mind;79 8.1;1 Introduction;79 8.2;2 Setting the Stage for Working within a Consistent FGA-Uncertainty-Verification Framework ;80 8.2.1;2.1 A Brief Science Theoretical Discourse: Plausibility, Validation, and Verification;81 8.2.2;2.2 Accounting Versus Diagnostic and Prognostic Modeling;82 8.2.3;2.3 Uncertainty Concept;82 8.3;3 Bottom Up Versus Top down Accounting: Verification of Emissions;84 8.4;4 Bottom Up/Top Down Verification of Emissions and Temporal Detection of Emissions Signals;84 8.5;5 Temporal Detection of Emission Signals;86 8.5.1;5.1 Detectability Versus Statistical Significance;86 8.5.2;5.2 No Credibility Without Uncertainty;86 8.5.3;5.3 Different Techniques Different Endings;87 8.6;6 Conclusions;92 8.7;References;93 9;Processing National CO2 Inventory Emissions Data and their Total Uncertainty Estimates;96 9.1;1 Introduction;96 9.2;2 Notation EAN/ISBN : 9781402059308 Publisher(s): Springer Netherlands Format: ePub/PDF Author(s): Lieberman, Daniel - Jonas, Matthias - Nahorski, Zbigniew - Nilsson, Sten
