Has actual real photo illustrations. These Workshop manual is as good as it gets for Repairing, and Maintenancing Hitachi machinery. In addition to

space savings, nice thing about having PDF files instead of a hard-printed manual is that you can use the Search feature in Acrobat to find just what your looking for and just print out the exact pages you need... or all manual. Please, write me if you have questions. Probably I have the manual which you for a long time search. Have a nice day.
