This is my own unique style of original instrumental modern classical music. 13 MP3 Songs in this album (41:58) ! Related styles: CLASSICAL: Chamber Music, NEW AGE: Contemporary Instrumental People who are interested in Yanni John Tesh should consider this download. Details: Memories Of Cloudcroft is a cd I composed while living in the beautiful Sacramento mountains of southern New Mexico. Cloudcroft is my home town and is where I graduated from High School. It is a quaint little tourist town at 9000 feet above the stress level. Definitely "Gods Country". This is also where my music career took root. Inspired as many others I composed and recorded this album.
