He deviates little from such past releases as "Solo-Fisticated". "Clouds In The Sky" is a beautiful ballad and is also Jon Robert Quinn's newest single. There are also elements of dance ("Night Runner") and metal ("Higher"). But his skills shine through the most when he shreds. Quite simply, the man is a virtuoso and probably one of the best Instrumental Rock artists of his generation. He shows he can play at the speed of light while fitting all these speedy solos into the context of the song. "One Long Road" continues the legacy of a man who shows that no matter how many guitarists are out there, he's still going to shine through with his music.
