URBAN/R&B: R&B Rap mix, JAZZ: Smooth Jazz Details: A musician that enjoys writting lyrics and music.
I started playing bass guitar when I was 14 years old. At 16 started playing with local band in Jersey City
New Jersey. Never won any contest are played for any big name bands but enjoyed music so much that I
when out and purchase a home studio and started recording tracks and learn to play piano. Some of my
biggest inspirations are Larry Graham, Chaka Kahn, Isley Brothers etc. I always dream about becoming a
song writer, not an entertainer. Hopefully one day I will write for some important people, in the mean time
I will continue to write music and lyric as a hobby. I hope you enjoy my music.
