Inspiration, hope and courage. 9 MP3 Songs SPIRITUAL: Hymns, NEW AGE: Meditation Details: Truly great old hymns, well known and beautiful ! I felt inspired and helped as I recorded them ! Maybe it was my imagination , who knows . Never-the-less it was a pleasure doing them . During my lifetime , I have listened to a tremendous and varied amount of music . At different times , I thought it would have been better if they would have put the songs in a different order on the recording . Maybe this is an idiosyncrasy of mine , I don t know . Never-the-less , in my recordings , I try to put the songs in a particular order , for various reasons . In Eternal Father I try to tell a story in music . When it comes to this type of thing, I'm someone who loves beautiful music , from all types of genre's , songs , musicians but not all and not everything or everyone . Late in life , I got the whim to start playing the keyboard , which I did , without any formal training and although I can't compete with the masters , the greats , near greats and very good, I'll continue to do so until the end . Every once in awhile I'll mess with the guitar and harmonica (not very good) hate to practice (and practice makes perfect or at least better), pay attention kids . And all that has led to this , most of us don't advance because we're afraid of failing . We may never reach our goals -- but how do we know , if we don't try . It's fourth down - inch's from the goal line - go for it (whatever it is). Experience is the best teacher but often the most bitter . There was much music , artistic , athletic talent in our family that went by the wayside . If you don't do - you regret. My mother, always, used to say -- " YOU CAN'T PUT AN OLD HEAD ON YOUNG SHOULDERS " , how true ! RDM
