

Mp3 Stefan Tischler/blair Petrie - Gorgons And Gargoyles

[DOWNLOAD HERE](#)

This work is based on mythology and uses a variety of analogue and digital sources as well as drums and base to create a phantasmagoria. 8 MP3 Songs ELECTRONIC: Soundscapes, NEW AGE: Ambient
Details: In collaboration with Canadian recording artist Blair Petrie, Stefan drew upon the themes of mythology and exploration. Employing experimental techniques, the duo created eight pieces which transport the listener to places both ancient and futuristic. "We're talking high adventure here, maybe a little sword and sorcery, obscure rituals and maybe a few nameless horrors. Nicely done, too."
