SERIOUSLY SILLY MUSIC FOR TWISTED SOPHISTICATES 10 MP3 Songs SPOKEN WORD: With Music, SPOKEN WORD: Comedy Details: "Put down that Prozac and cancel your vacation. Nothing could possibly lift your spirits as quickly as 'The Bicycle Men.'" --The New York Times The Bicycle Men are a Los Angeles-based quartet of musicians/comedians (thebicyclemen.com) Their self-titled CD includes all the songs (and more) from their critically-acclaimed live stage show, "Le Comedie du Bicyclette," a breakneck-paced comedy about a nave American tourist on a bicycle tour of the French countryside. When his bike gets a flat in a seemingly quaint village he soon learns that the bicycle repairmen, marionettes, cabaret artistes, and the other village inhabitants he encounters are all part of a surreal nightmare - a nightmare that can only end with his physical transformation into a bicycle. The songs, with music and lyrics written by group member Mark Nutter (marknutter.com), offer comic takes on a variety of styles - Gilbert and Sullivan, Louis Jordan, Cirque du Soleil, Broadway show tunes, and others. "Brilliant and funny." Steve Martin "I thoroughly enjoyed The Bicycle Men and have told many friends about it." Neil Innes "I love the CD." Emo Philips "The funniest show I've ever seen. It's perfect" Jim Belushi "The CD is c'est magnifique." Tim Kazurinsky "The CD is AWESOME!" Bob Seles
