

Naked Project Management: The Bare Facts - Lock Dennis

[DOWNLOAD HERE](#)

Here is an introduction to project management from one of the best and most experienced writers. Project management depends largely on common sense and a logical, systematic approach. But it is necessary also to acquire some special skills to organize, schedule and control a project so that it produces the result that everyone wants. Dennis Lock explains and illustrates those skills in pragmatic and jargon-free terms. An entertaining case study runs through the chapters and the book covers all the vital topics in astonishingly few words. Naked Project Management is an essential primer for students and managers who need to understand how small projects should be managed, but without necessarily becoming permanent project managers themselves. Degree and other students for whom project management is an elective or small part of their course will love this compact time-saving and reasonably priced study resource. Author: Dennis , Lock Publisher: Gower Illustration: N Language: ENG Title: Naked Project Management: The Bare Facts Pages: 00124 (Encrypted PDF) On Sale: 2013-03-28 SKU-13/ISBN: 9781409461050 Lib Category: Project management Category: Business & Economics : Project Management Category: Business & Economics : Management - General Category: Business & Economics : Production & Operations Management
