

# The Construction Industry Career Guide

[DOWNLOAD HERE](#)

The Construction Industry Career Guide Are you seeking a career in the Construction Industry? Job opportunities are expected to be good, especially for skilled and experienced construction trades workers. Workers have relatively high hourly earnings. About 68 percent of establishments employ fewer than 5 people. Construction includes a very large number of self-employed workers. In The Construction Industry Career Guide you'll discover:

- \* What those in this industry do and the environment or conditions they work under...
- \* The education, training, qualifications, skills, abilities and experience you will need to work in this field...
- \* Where and who is hiring now for these positions...
- \* The chances for finding work and remaining employed based on demand and other economic considerations...
- \* The average annual pay and the factors that determine how much a person employed in this field may earn, along with any fringe benefits if available...
- \* Plus much more...

Included in this guide is a section listing 50 best job hunting, resume writing and interviewing tips. Whether you're still figuring out what to do for a living or changing careers, you need a guide like this to help you make the right decision.
