Aunty E offers families a refreshing alternative to traditional children's music by connecting with children through adventurous stories weaved into lively beats from across the globe. As an illustrated character with a crew of fun friends from the town of Harmony, Aunty E creates exciting entertainment experiences that kids normally

find only on television. Even though this Rockstar Princess has lit up the biggest stages all over the world, Aunty E hangs her hat at the corner of Melody Lane and Rock N Roll Road right smack-dab in the center of all the action in Harmony. Each part of Harmony is just a song-and-a-jump away from Aunty Es pad. Just imagine the awesome adventures Aunty E has down at Tree Top Terrace, Wah-Wah Waters, the Double Dip Diner, or at the Rockin Ranch with all her friends! When Aunty E gets a call from her secret music agent in real life, she has to leave the animated world of Harmony to fulfill her assignment. She goes into her dressing room, gets out her magical microphone, says a few special words, and starts a transformation that twirls hers into the real world, where she puts on a rockin concert. Aunty E entertains and educates in a fun, active way that helps introduce children to the fundamental elements of music. She caters her live performances to each individual, whether it is a concert for 1500 kids, a private birthday party, or a specialized television performance. The live show incorporates a vibrant Broadway style show with musical elements that are fun for kids and parents alike. Achievement: Since being founded in June 2006 with the backing of a professional investor group, Aunty E has developed into an exciting brand with a bright future. Recording with Grammy Award winning musicians in the world-class studios of Austin, TX; Aunty E has created an unparalleled music composition that is entertaining and educational for parents and kids alike.
