

Mp3 Barry - Emotional Progression

[DOWNLOAD HERE](#)

Music that captivates the moment or mood you are in and nurtures it. 12 MP3 Songs URBAN/R&B: Contemporary urban, URBAN/R&B: Soul Details: Whether you like the old school flavor of Stevie Wonder or the neo-soul style of Musiq Soulchild and Donnie, you will definitely find something you like on Emotional Progression, the new album by Barry Ousley. This diverse blend of R&B and hip-hop soul will truly warm your heart and please your ears. Born in Germany and raised as a military child, Barry has seen the world and experienced more than the average young man in his twenties. He grew up listening to Motown artists and bands such as Frankie Beverly and Maze; Earth, Wind and Fire and the Gap Band. Barry also participated in various talent shows in order to perfect his craft in singing and songwriting. While attending Albany State University, Barry connected with Lightsout Entertainment and began working on his solo project. The mission of Emotional Progression is to not only recall the golden days of R&B, but to transcend the past and present face of the neo-soul genre. As a concept, the purpose of Barry Ousley's album is to serve as a beautiful and honest journey through the mind of a young man dealing with love in the new millennium. The true essence of neo-soul and hip-hop music must speak through every movement of its musicians and vocalists. It must thrive within the lyrics and melodies. Barry Ousley and the people who contributed to Emotional Progression depict that concept well.
