ambient dreamy mystic electronic pop 15 MP3 Songs POP: with Electronic Production, ELECTRONIC: Ambient Details: The relaxing, seductive, and inspirational music of bellehorse has graced slide presentations for the international child labor rights organization Kids Can Free the Children, music therapy for AIDS patients, movement therapy for developmentally challenged teenagers, massage, in spas, and general listening pleasure. bellehorse is a studio project created by 3 multidisciplinary artists. Sean Colley, composer/musician, began his musical career at age 13 playing drums with big band leader Johnny Lewis. He studied piano and composition, and developed a unique blending of harmonic and rhythmic music. Kelly Mills, lyricist and vocalist, is also an artistic director and choreographer, and has founded experimental theatre ensembles and a dance company. She is author of a poetry collection, a novel, a children's picture book, a memoir, and numerous short stories. Linda Farr, vocalist and composer, has vocal experience ranging from classical to opera, to jazz, blues, and rock. She composes classical and ambient pieces. Familiarity with acting, dancing and stage/lighting production enhance her work in live production and performance. A percentage of arist profits of the sale of bellehorse's debut CD Time Now benefit the international child advocacy organization Kids Can Free The Children.
