Gospel, Easy Listening, Contemporary Gospel 11 MP3 Songs GOSPEL: Contemporary Gospel, EASY LISTENING: Mood Music Details: Brian Redell is a singer/songwriter/producer that clearly has a mission to glorify the name of the Lord. With a ministry vision to "minister the 'kingdom of God' to more than five hundred million people worldwide... All to the glory of God - all by His grace," Brian has lauched this debut project with a ministry team that has been labeled as "The Body of Christ (BOC) Revival Singers." The team is made up of Jessica Fox, Brandie Davis, Jennifer Nicholson, Celeste Reyes, Tamika Webb and Sylvia Cosby. In the album entitled "Reflections" he has uniquely collaborated sounds that destroy the barrier of stereo-typical scrutiny. The Lyrics throughout the entire project reveal the inner chambers of a true worshipper's heart - whether in celebrative, mediocre, or cumbersome times. Joining forces with up and coming producer/songwriter Brandon McCullen on the track entitled "Speak A Word," Brian is excited to share this debut release with "all who will listen." There is a touch of various styles within the project, but the presentation brings about such a relaxation to the burdened soul. Don't take our word for it.
