As a result of this it is an incredible 10 song set of ORIGINAL songs influenced by themes of Roots, Rock and Blues. The result is a nicely polished CD the likes of which you won't hear elsewhere.... Steve Grisham former member of The Outlaws and currently with Ghost Riders has recorded the entire CD. Everything from Vocals to Drums not to mention his unreal guitar work. Harry Brenner helped kick off this project with his song Whydyadoit....Many Thanks Harry...and You got to have Swing! Steve's band Ghost Riders recorded my song Shotgun Run for their own CD Fortune Teller. The song also appears on The Fog of War. If you are a fan of Southern, Roots Rock and Blues you are gonna love this.
