8 years in the making by Daniel Rafn, this is gorgeously crafted art pop. Wintery in mood w/layered angel-boy vocals, edgy/pretty synths and ringing acoustic and electric guitar tones. 10 MP3 Songs POP: with Electronic Production, ELECTRONIC: Down Tempo Details: "DSR is Daniel Severin Rafn, a 24-year-old Salem [Oregon] musician who has put together one of the most textured, lush albums to cross my desk in a long time... 'Vocals' is a remarkable album, deep and accessible. Each listen reveals another layer of sound, though initially the songs sound very simple. Highly recommended." --Oregon Music Guide, omguide.com "Daniel Severin Rafn's music is dreamy bedroom pop at its best... the melodies are catchy -- they'll linger in your head for the rest of the day...an unexpected, unassuming pleasure from beginning to end." -- Ron Davies, Splendid, splendidezine.com "...stunning debut from one Daniel Severin Rafn. Rafn, the occasional guitarist for those molecularly redesigned beings known as Anbot Rodroid, has been working on his pet project in one form or another for the past eight years... Every aspect of the recording has been scrutinized under Rafn's hypersensitive microscope." --Salem Monthly --- Also available from Subsun and CDBaby: "Cyputer Comborgs" by Anbot Rodroid. Daniel Rafn also appears on this recording.
