OUR MUSIC IS THE FUTURE BLEND WITH A OLD SCHOOL ENERGY. STREET-HOP. 19 MP3 Songs

HIP HOP/RAP: East Coast, HIP HOP/RAP: Rap Details: Dynasty comes from the city of Asbury Park, which was once known as a tourist attraction and now is the crime capitol of New Jersey. It was originally 6 rappers but as always anything that stays in the hood to long is doomed for failure. 1 member got locked up for robbery, 2 more were arrested in a FBI drug sweep, and another was injured in a random drive by shooting. Now its up to the last two members, Trife and Bless both at the age of 24, realizing they were born with a talent they put their past life of drugs and violence behind them and focused on their music. Growing up listening to rappers like Nas, AZ, Half-A-Mil, Big Pun, Big L, Jay Z, 2-Pac, and Biggie really helped them tremendously by setting a high bar. As a result, their lyrics and creativity are like no other rappers. Their song writing abilities are out of this world which enables them to make hit after hit. Leading the new generation of rappers, Dynasty plans on being hip hop newest powerhouse of todays industry. Its hard growing up in a negative environment while trying to do something positive. Everyday we wake up with the option of selling drugs, buying guns, and living the fast life of money, popularity, and sex but our confidence in our music helps us turn that life style down and try to make it out the hood the right way. So they start putting out mixtapes in their neighborhood and generated a buzz but being from a small town the outlets is very limited. So instead of waiting to be found, they took matters in their own hands. They began distributing and networking they own music without no manager. As of a result, they manage to land several appearances on mixtapes from N.Y to Florida. Making numerous appearances on DVDs from like of DJ ABSOLUTE and RUFF RYDERS. Now with a new mixtape (BLOW) circulating, theyre certainly raising new stakes. Selling over 5000 cds and counting. They already received great reviews from markets such as Minnesota, Colorado, Canada. To even catching attention from the people

in the U.K and Africa. Rap is the only option for these two future stars. Thats what we do best, certain people are just born to do certain things and rap is what they were born to do. DYNASTY. . . remember the name
