Yeah Boy, you go wit yo nu metal self.. I was waiting for Fred Durst to whip up a phat rhyme, but then a Vampire sounding vocalist started singing, and I actually started liking what I first thought might suck!!" - VELINDICA from Winston Salem, North Carolina on 5Jun2008 "Blow me away Very cleaver for sampled sounds...unlike most I can feel real heart behind this...was left waiting for a change where the real band comes in. Instead greated to very original vocals...worth a listen very industrial sounding. Vocals are strong and really define this bands effort A+ still hear it ringing in my head and thats what counts. Great Guitar solo could me a great movie sound track." - belofstmak from Chicago, Illinois on 9Jun2008 "Dark, Moody, Brooding Rock I really enjoyed this track. The vocals are

fantastic. The guitars are distorted enough to convey emotion but not so much that they drown out the track. The vocal melodies are what really make this song shine. The portion of the song beginning "Searching for the melodies under the table..." has this wonderful descending minor melody that is haunting and memorable. Fantastic job." - QXR from Unspecified on 18Jun2008
