Easy and smart folk songs leaning towards the alt-country vein. 9 MP3 Songs COUNTRY: Alt-Country, FOLK: Modern Folk Details: In the middle of the country, in the middle of the state, in the middle of the county is Nathan Metz and Nick Bosworth. These are the two lone creators of the new album "Oh, Coveted Lute". Their music is filled with delicate guitar work and unique open heart lyrics. The songs are put together like some kind of woodland dance written 100 years ago. It almost seems as if the songs were part of the earth until they were picked up and sung. Nathans lyrics are descriptive in nature but eloquent in their delivery. Team that up with Nicks trademark use of instrumental craftsmanship and you get a dynamite sound that gets better with every listen.
