Delta blues directly from the porch. 11 MP3 Songs BLUES: Delta Style, COUNTRY: Country Blues  
Details: The ORPLID BLUES BAND plays a puristical delta country blues style. The band starts as a three piece band and is now playing with Leo, Josepha, Sven and Erik. Leo plays the slide guitar and influences the music in a special way. Josepha is boosting the puristical character of the Orplid-Blues with her kind of playing the drums. Sven plays a sensitive bass and delivers the compact fundament for the band. Erik ( vocal/bass/acoustic guitar) interprets the small stories as the singer of the band. Trademarks of the band are the live-recordings by using a very small technical equipment. The first song the band published was Leos Blues and that tune gave the direction for the following blues songs. So please take an easy chair on the porch and give a listen to that BLUES MUSIC.
