Hip Hop for your heiney 6 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, HIP HOP/RAP: East Coast
Details: MANIFESTO Our own mortality, laced with all the music, vices, passion and the stress in between are the "Slow Suicide" catalysts for lives born to die, and the need for reinvention. The stimulus soundtrack to "die for" was created by a group of friends/artists including TameOne(Artifacts,Leak Bros,Weathermen), Charlie Chan, Govone and DJ Mel-Ski of The Dusted Dons. The hard work and passion put into this instant classic is self evident as you listen to one track after the next of hard-hitting, neck-breaking hip hop. The emcees are a perfect compliment to eachother as none of them have similar styles, making the entire album have a fresh and original feel from start to finish. This barrier-breaking project features Vast Aire(Cannibal Ox), The Legendary Grandmaster Caz(ColdCrush Bros), Aesop Rock, YakBallz (Weathermen), S.A.Smash (def jux),R.A.W. (Dusted Dons) and newcomers Jay Blak and Doctor Mindal(Jeru NRG). The SSS project features blazin production from El-P (DefJux), Mighty Mi (Eastern Conference Records, High n Mighty), Camu-Tao (SA Smash, Weathermen), Dusted Dons, FaceValyou and more. this well blended lp of both radio and club friendly bangers will be a "must cop" for critics, DJs and the most discriminate b-boy/girl consumer. This project is currently in the mix down stage while we seek out a record label/distributor that can provide us with the ideal resources to present and support this musical "experience" and all it's potential.
