In 2001 he and his partner Aires released "Muzak Immortal", a CD that was distributed nationally by BMG. While his future in the industry seemed bright, unfortunately his prior management/label fled with his money and has never been heard from again. It was this that inspired him to create his own independent label to release his next album "Stacked Game". This, he reasoned, would not only ensure his association with only trustworthy individuals, but would allow him complete artistic and creative discretion over his music. Thus, Stacked Game Records was born. In addition to rapping and singing, TRECE creates and composes all his music, writes all his lyrics, produces his own albums, and even designs all artwork. TRECE'S groundbreaking beats are very coveted in the underground rap world. As an intelligent and talented musician, artist, and producer, TRECE is sure to be a major player in the industry for many years to come.
