

Spatial Distribution Of Microbes In The Environment

[DOWNLOAD HERE](#)

Contributing Authors. Preface. Acknowledgements. Introduction; Franklin, R.B., Mills, A.L. Statistical Analysis of Spatial Structure in Microbial Communities; Franklin, R.B., Mills, A.L. Bacterial Interactions at the Microscale - Linking Habitat to Function In Soil; Nunan N., Young, I.M, Crawford, J.W., Ritz, K. Spatial Distribution of Bacteria at the Microscale In Soil; Dechesne, A., Pallud, C., Grundmann, G.L. Analysis Of Spatial Patterns Of Rhizoplane Coloniz-Ation; Knudsen, G.R., Dandurand, L.-M. Microbial Distributions And Their Potential Control-Ling Factors In Terrestrial Subsurface Environments; Lehman, R.M. Spatial Organisation Of Soil Fungi; Ritz, K. Spatial Heterogeneity of Planktonic Microorganisms in Aquatic Systems; Pinel-Alloul, B., Ghadouani, A. The Interrelationship Between the Spatial Distribution of Microorganisms and Vegetation in Forest Soils; Morris S.J., Dress, W.J. EAN/ISBN : 9781402062162
Publisher(s): Springer Netherlands Format: ePub/PDF Author(s): Franklin, Rima B. - Mills, Aaron L.
