Acoustic/Pop with meaningful and emotional lyrics, catchy melodies, and the soothing sounds of acoustic guitar, piano, and violin. 10 MP3 Songs POP: Folkly Pop, GOSPEL: Contemporary Gospel Details: "Music is a very powerful thing and has always played a large role in my life and especially in my faith. It's amazing to me how the lyrics of a song can find their way into my soul and speak to my heart in ways that are unique and special to me. It is my hope to use the gift of music to speak to others about love and relationships, and how God plays an intimate role in each of our lives." Brad Biography Brad Davis is a singer/songwriter that connects! His inspiration comes from his faith, and from the relationships he has with everyday people. Brad is the guy next door, the person you pass on the street or sit next to in the coffee shop. His songs find their way into your heart and soul and connect with you in ways that you can't explain. His songs inspire you to enjoy life to the fullest and look at it in ways you may have never thought of. If you listen to With Both Feet, you'll find yourself believing you can be anything you want to be! Brad was born in Augusta, Georgia and is one of four children in his family. Now 24, Brad thinks back to what it was like growing up with two sisters and a brother--"Living in a large family has always been a lot of fun, and believe me, there is never a dull or quiet moment at our house!" He adds, "Growing up, we all wanted to be unique in our own way, and we wanted to find out who we were apart from each other." When he was young, Brad decided to play golf in his free time. After trying many sports, he discovered that he was best at golf, so he stuck with it, and ended up playing in college. "I was never the strongest or tallest guy on the field," he says with a grin, "so golf was a perfect fit for me!" When he was young, Brad always wanted to play college golf and to pursue it as a career. However, it was in college that Brad discovered a new passion in music. Brad bought his first guitar when he was in high school, and with the help of a friend, began learning how to play. "I just learned how to play songs from my favorite musicians" he says,

"and would play for anyone who wanted to listen!" In high school Brad was involved in his church youth group and with Young Life. He soon found himself playing and singing in front of his youth group and Young Life group each week. "I really found a home with my friends at church and in Young Life, and I will never forget my time with them." In his college years, Brad continued singing and playing for churches, Young Life camps, campus ministries, coffee houses, and friends. While he enjoyed singing and leading worship, he had a strong desire to write songs about his own experiences in life. He says, "I slowly started writing songs about my life and my faith and I shared these with my closest friends and family. They immediately began encouraging me to continue writing and to record an album." So, on the advice of his friends and family, Brad embarked on the journey to record an album of the songs he had written in college. "For the last few years I've dreamed of what it would be like to record an album, but I never thought my dreams would become a reality." Now, after graduating from college, Brad's dream has come true with the release of his debut album, *With Both Feet*. The album includes ten original songs written while Brad was in college. It is full of catchy melodies, honest and emotional lyrics, and the soothing sounds of acoustic guitars, piano, and violin. These songs are filled with life and love, and paint an intimate picture of God's goodness and grace. *With Both Feet* is an album that will have you believing that the joy of living and loving in this world comes when we are willing to jump in with both feet, trust God, and learn along the way! "Brad has a wonderful way of taking life experiences and meshing them with God's love!" Lee Jackson, Athens, GA I got my CD yesterday and I love it! Heather Rutledge, Auburn, AL I am in love with it! My Favorite song is Perfect Love! Miriam McMillan, Milledgeville, GA
