HIP HOP/RAP: Hardcore Rap, HIP HOP/RAP: East Coast Details: Who is deniro black c-rills? Deniro black and c-rills are two hot rap artists out of the south bronx. Their lyrical style complements and contrasts one another for a vivid depiction of inner city life and what it really means to speak your mind. Together or on solo tracks they are the true meaning of fire. Their new cd the art of fire has fourteen smokin' tracks. Their first project the art of fire was released by arsun records and distributed by cdbaby. Deniro black and c-rills grew up in the south bronx on east 174th street in new york. they developed their lyrical skills while hanging out on their block having free-style sessions, that lasted hours at a time. As they came up in the hood they have met platinum multi-platinum hip hop artist that dig their lyrical skills. This caused them to want to go further with their talent. they decided to get together to do this project art of fire, to see what type of response they would receive by the masses and also the music industry. so keep your ears open and keep your fire extinguishers close, the art of fire is here.
