(re: "Fresh") by Rich Smith ChiaHui Lin Rating: 10 Two of the most vibrant sopranos teamed up to present an album compiled with an eclectic repertoire of female duets. The CD is so tastefully done that even non-classical listeners will find it very enjoyable. We also thoroughly enjoyed their live performance combined with visual art and theater: a truly wonderful and intimate event for the whole family to experience. Great Mix!! by Paty Perman Jorge Munoz Rating: 10 We've seen DivAria live in concert at the Knitting Factory and before at a venue in Culver City - amazing performance and amazing voices. The best part is: They were so different from every opera concert we have seen before...fresh, young and sparkling. We are excited about receiving the new CD!! -----
