The Day Money Fell from Trees is a smart look into the life of true go getters and non stop money machines. Along with a in depth look at the game from the eyes of hustlers theres also club bangers and gangster music that will easily become any real riders theme song. Not only does the CD display FAME lyrical capability it also puts his strong producer experience on Front Street. The magic of the CD is built on a platform of bass heavy, horn driven synthesized beats, which not move the CD along they pound the hell out of speakers. Also with this project FAME took the time to spotlight the up incoming members of the Street Power camp, with that being said the world will be introduced to the sounds of Tavo, Ronell, Danger, Javone, LOS, Carolina Cash Boyz Trappaman. Bottom line this camp has taken spotlight and adjusted it to shine directly on North Carolina, being the first to give Charlotte its own sound.
